Adjetivos y pronombres posesivos

Its e it's: el apóstrofo cambia el significado

Its, sin apóstrofo, significa su de una cosa: its door es su puerta. It's, con apóstrofo, significa it is en estas frases: it's cold es hace frío. Prueba a poner it is: si encaja, escribe it's. Si indica una parte o algo de esa cosa delante de un nombre, usa its. It's también puede abreviar it has, pero aquí solo practicamos it is. Al empezar una oración, escribe Its o It's.
