Contracciones

Contracciones afirmativas de have got

Have got y has got sirven para decir que tenemos algo. Unimos el pronombre con have o has: I've, you've, we've, they've; he's, she's. Después dejamos got: She's got a bike. Aquí 's significa has, no is. El hueco incluye el pronombre y have o has; got ya está escrito. Have got es correcto; en inglés americano también es muy habitual usar have sin got.
