It impersonal

It's + la hora

Para dar la hora, podemos empezar con It's. Aquí practicamos estas formas: a las horas en punto, número en letras + o'clock; con :15, a quarter past + hora; con :30, half past + hora; con :45, a quarter to + la hora siguiente. Por ejemplo, 8:45 es a quarter to nine. También se puede decir eight forty-five, pero en esta práctica seguimos el formato indicado. A quarter past y half past son más habituales en inglés británico.
