It impersonal

Repaso: It o It's impersonal

It aparece al hablar del tiempo, las horas, los días, las fechas y las distancias. Si is o was ya está escrito, solo falta It: It was cold. Si faltan it e is en presente, aquí usamos la contracción It's: It's Monday. It's puede tener otros usos, pero en estas frases significa It is. No escribimos It's was: para el pasado dejamos It was.
