Presente continuo: negativas y preguntas

Negativas: las contracciones de is y are

Is not se puede escribir isn't; are not, aren't. El apóstrofo sustituye la letra que falta. Usa isn't con he, she, it y nombres singulares; aren't con you, we, they y nombres plurales. You lleva aren't aunque signifique tú. Después va el verbo con -ing: She isn't reading. Con I decimos I'm not, pero en esta ficha no hay huecos después de I. Otras contracciones, como she's not, son correctas; aquí unimos be y not.
