Always con el presente continuo

Quejas repetidas: formar el verbo con -ing

Always significa siempre. Con el continuo destaca una repetición, a menudo molesta, pero también puede expresar agradecimiento o admiración. No tiene que estar pasando ahora. Aquí am/is/are y always ya están escritos. Usa el verbo principal de la primera frase y escribe solo su forma con -ing. Normalmente añadimos -ing: play → playing. Una -e final muda desaparece: make → making. En palabras como run, put y swim duplicamos la consonante: running, putting, swimming. También forget → forgetting y drip → dripping. No duplicamos en open → opening. En inglés americano: cancel → canceling.
