Always con el presente continuo

Rutina normal o repetición molesta: formas completas

Always significa siempre. Con el continuo destaca una repetición, a menudo molesta, pero también puede expresar agradecimiento o admiración. No tiene que estar pasando ahora. En esta ficha usamos presente simple con always para la rutina normal: I always walk; she always walks. Para destacar la molestia usamos am/is/are + always + verbo-ing: I am always losing things. Las dos formas pueden contar repeticiones; aquí el contexto indica cómo presentarlas. Usa el verbo principal de la primera frase.
