Always con el presente continuo

Preguntas: auxiliar del simple o del continuo

Always significa siempre. Con el continuo destaca una repetición, a menudo molesta, pero también puede expresar agradecimiento o admiración. No tiene que estar pasando ahora. Si después de la persona está el verbo básico, usa do con I, you, we, they y plurales; does con he, she, it y singulares. Si el verbo termina en -ing, usa am con I; is con singulares; are con you y plurales. You siempre lleva are. Always va después de la persona.
