Pasado simple: negativas y preguntas

Negativas: forma básica de verbos regulares

Para decir que una acción no ocurrió usamos didn't + verbo básico: didn't play, didn't work. Didn't significa did not y sirve con todas las personas. Después de didn't no añadimos -ed ni -s. Usa el verbo principal de la primera frase para completar la segunda. Be es distinto: was not o were not; no se practica aquí.
