Pasado simple: negativas y preguntas

El auxiliar de las negativas: didn't

Para negar una acción pasada ponemos didn't delante del verbo básico: I didn't call. No escribimos don't ni doesn't cuando hablamos de una acción pasada. Didn't sirve con I, you, he, she, it, we y they. Did not también es correcto, pero aquí escribimos la contracción didn't. El contexto indica qué acción no ocurrió. Be forma su negativa con was not o were not.
