Would: acciones repetidas del pasado

Lo que hacíamos cada vez

Would puede contar lo que hacíamos cada vez que ocurría algo en el pasado. Whenever significa cada vez que: Whenever it rained, we would play indoors. When y every time también pueden introducir esas ocasiones repetidas. Después de would va el verbo básico. Used to también puede servir, pero aquí practicamos would. Las frases hablan de costumbres reales del pasado, no de una única ocasión.
