Used to, be used to y get used to

Use o used: fíjate en la construcción

Used to + verbo básico cuenta algo habitual o un estado de antes: I used to walk to school. Con did y didn't escribimos use, sin d: Did you use to walk? I didn't use to walk. Be used to significa estar acostumbrado y get used to significa acostumbrarse; en ambas expresiones mantenemos used con d: she is used to walking; she is getting used to walking. Aquí solo falta use o used.
