Present perfect: ever y never

Contracciones con never

Podemos unir el pronombre a have o has: I've, you've, we've, they've, he's, she's, it's. Después escribimos never y el participio: She's never sailed. Aquí 's significa has; en otras frases puede significar is. Usa el mismo pronombre que empieza la primera frase, con mayúscula al empezar la segunda. Never ya expresa la negación: no añadimos not.
