Present perfect: simple o continuo

Simple: estados con know, own y otros verbos

Know significa conocer o saber; own, poseer. En los sentidos de estas frases usamos el simple aunque el estado continúe: I have known her for years. También usamos aquí el simple con believe, want, need, love, hate, prefer, understand y like. Repite el verbo de la primera frase como participio. Know cambia a known y understand a understood. Prefer cambia a preferred; los demás terminan en -ed.
