Common irregular participles

Pasado simple o participio

Usa el verbo de la primera frase. Si el hueco sigue a have o has, escribe el participio: have eaten. Si no hay ese auxiliar y se cuenta un hecho de ayer o de otro momento terminado, aquí usamos past simple: ate yesterday. Algunas formas coinciden: buy pasa a bought en ambos casos. Otras cambian: write, wrote, written. Con I, el pasado de be es was; su participio es been. El pasado de get es got; aquí su participio americano sería gotten.
