Common irregular participles

Participios que coinciden con el pasado

En los verbos de esta ficha, el participio se escribe igual que el pasado simple: buy, bought, bought; make, made, made; put, put, put. Eso no significa que todos los verbos irregulares funcionen así. Aquí have o has ya está escrito y pide el participio. Usa el verbo de la primera frase. Read conserva la escritura, pero en pasado y participio se pronuncia «red», no «rid».
