This is the first time...

Have o has después de this is the first time

This is the first time significa esta es la primera vez. Para una experiencia reciente vista desde ahora, es habitual usar have o has + participio: This is the first time I have flown, es la primera vez que vuelo. Aquí practicamos esa estructura. Con I, you, we y they escribe have; con he, she e it, has. El participio ya está escrito. No añadimos otro verbo al hueco.
