It's ... since / The last time

For más duración: el tiempo sin repetir la acción

La primera frase dice cuándo ocurrió algo por última vez: I last saw her two weeks ago. La segunda dice cuánto tiempo llevamos sin repetirlo: I have not seen her for two weeks. Completa for y la misma duración, sin ago. Ago señala un momento anterior a ahora; for expresa el tiempo transcurrido. Escribe la duración con palabras, tal como aparece en la primera frase.
