Relatos sin cambio de tiempo verbal

Had: el pasado perfecto se mantiene

Says = dice; said = dijo; that = que; I = yo. Mia y Ana: she = ella; Leo y Tom: he = él. Si el mensaje ya llevaba had + participio, conservamos esa forma después de said: I had eaten → she had eaten = había comido. El pasado perfecto no retrocede a otro tiempo. Copia had y el participio del mensaje, sin añadir otro had. Had had = había tenido: si el mensaje ya lleva dos had, conserva los dos. La ayuda española explica el mensaje completo.
