# Conectores: adición y alternativas

## Besides para añadir otra idea

Al principio de una frase, Besides significa «además». Sirve para sumar otro dato, igual que «y también». Después ponemos una coma.

**Ejemplo resuelto**

El parque tiene una piscina. Además, tiene una pista de tenis. The park has a pool. **Besides**, it has a tennis court.

**Añade un dato más al que ya se dice. Completa Besides y pon una coma después.**
